Killeen Youth Killed In Mishap Near Buckholts

A young Killeen man was killed at about 10:20 p.m. Saturday on Highway 36 a mile east of Buckholts after his pickup truck was rammed by another truck while he was attempting to change a flat tire.

Pronounced dead at 2:15 a.m. at Scott & White Hospital by Temple Justice of the Peace Joe Harrison was Mark Allen Stepetic, 17, of Rt. 1 Killeen.

Highway Patrolman Jerry Benson said Terry Tate, age unknown, of Bellaire, suffered minor foot injuries in the accident.

Tate had apparently been riding a motorcycle and had stopped to help Stepetic, a passenger in a pickup driven by Billy Belote, 18, of Harker Heights. Belote was not injured, nor were two other passengers in the Belote truck, Todd Overby of Harker Heights and Randy Sutton of Killeen.

Edward Charles Pavlu, 26, of West Columbia was charged Sunday before Cameron Justice of the Peace Jess Brock with involuntary manslaughter in connection with the incident and was freed on \$7,500 bond from Milam County Jail in Cameron, Brock said.

Benson said Belote reportedly had stopped the truck on the eastbound shoulder of the highway to change a flat tire. Stepetic was lying under the truck attempting to remove a spare tire from its casing when the second truck approached from behind, striking the motorcycle and then the Belote truck.

Pavlu was also charged in county court with driving while intoxicated.

School Board Raises Taxes

School district residents will be paying 12 percent more in taxes next year following action by the school board Monday night as they raised the rate from \$1.25 to \$1.40 per \$100 valuation.

Trustees expressed regret at having to raise the tax rate, but it came after a study of the proposed new school budget which showed rising costs in almost every segment, and the fact that raising the rate may mean the difference between borrowing money for planned renovations, of being able to "pay as you go."

Supt. Buddy Dulin said the school may be able to affect planned renovations to the gym, which will include new science classrooms and labs, without a short-term loan. Without the tax increase, the school would have to borrow funds to pay for the repairs. Trustees pointed out that by including science rooms and lab in the gym the school would save at least \$50,000.

A study of the budget shows in-

creases in salaries, insurance, maintenance, and utilities. A public hearing on the budget will be held July 31 at a special meeting at which bids for the gym will be opened and a decision made about paying for band uniforms which have "Yoemen" misspelled on the arm patches.

In other business, trustees voted to make Citizens National Bank the school depository for the next two years and awarded bid for refinishing the Yoe gym floor to Boatright of Austin for \$3,888.

Head Coach Ed Cauley presented the budget for the athletic department which is increased from about \$23,000 to \$36,344. He explained that addition of a girls athletic program will entail added expenses for uniforms, equipment, meals, and awards. The department took in \$37,646 last year, from which expenses were paid and other schools were paid their share.

Cauley also recommended the hir-

ing of Paul Hoelscher as baseball coach to replace Coach Jon Forsythe who resigned. Hoelscher is a graduate of Yoe High and is presently with the Brenham school system. Hoelscher will also teach biology or social studies.

Four other teacher resignations were accepted, including Karen Lilly, Ann Gaskey, Sharon Ethridge, and Ann Fuller. Trustees approved hiring Nadine Zelisko, Sue Fuquay, Jack Ruzicka, and Ruth Price.

They tabled action on a request from the city code inspector for demolishing a house on school property at the corner of Orchard and 10 St. John Henderson pointed out that the property, which was deeded to the school in lieu of taxes, may be reclaimed in two years by the owner if he pays the taxes.

Henderson asked about how far from a paved road a child has to live before the bus will pick him up at his home. He said he has reports that some Marlow children

have to walk nearly a mile to the bus stop.

Betsy Brown, who presided in the absence of Calvin Cobb, told the group that the Bicentennial Committee has decided to hold the designation ceremony at the first football game of the season on September 12. At that time, the city will be presented with an official Bicentennial flag and certificate. She said in that way, the committee feels that the students will be included in the ceremony.

Buckholts Trustees Meet

The Buckholts school board meeting Monday night voted to purchase a new schoolbus, voted to advertise for bids for a school pickup, and hired Jane Wied Rivers as teacher.

Trustees also adopted a closed campus for grades kindergarten through eight, and signed an agreement with KLRN-TV of Austin to receive educational programs to use in the system.

County Views Wolf Control, Fence Dispute

Problems of wolf control in Milam County came in for discussion at the commissioners meeting Monday morning and a protest on a fence was heard from a county resident.

Commissioners also heard about two sources of funds available to the county to help with parks and recreation and also for rent supplements.

Discussion on wolf trapping came after County Judge O. B. Harden read a letter from the Department of the Interior asking the county to increase its share of the trappers salary from \$300 to \$325 a month. The letter said the county had until August to act on the request and that it could terminate the position if it so desired.

Harden pointed out that the trapper, Clifford Morgan, hopes to be allowed to train ranchers to trap wolves and use the cyanide bomb, which he is not allowed to use any longer. Ranchers must have training in use of the cyanide before they are allowed to use it, according to federal regulations.

Ed Lehmann of Buckholts, attending the meeting, said the wolf problem has increased in the county area in the last 20 years, and he has heard of individuals losing sheep and calves to the predators.

Commissioners tabled any action on the request until they have studied the problem. Lehmann volunteered to gather information to help in the study.

Joe Willingham appeared before commissioners to protest the construction of a fence over old highway 36 near Milano, stating that the fence would remove easy access to property belonging to the Ludie Farris estate, which he represents.

County Clerk Wayne Wieser read from minutes of a commissioners meeting in 1972 at which the county resolved to abandon the old highway and reverted the right-of-way to Ben Ford. Ford is constructing the fence, according to Willingham.

Harden said nothing could be done about it at the meeting and said he would get in touch with Ford and former Commissioner Albert Timmerman, who made the 1972 motion to abandon the road. Harden said he believed one end of the road was supposed to be left open.

Judge Harden said funds of up to \$800 are available to the county from the Manpower Commission, to be used for park or playground equipment. Discussion was on using the funds for Buckholts and Thorndale.

Harden also told of a program from the Department of Housing and Urban Development available to reimburse a property owner for houses he rents to people who are not able to pay all the rent. Under the program, the family pays 15% of their adjusted gross income and HUD supplements the amount.

Harden said he has written for an application for the county and said the program may encourage builders to construct low-rent homes for low income people in the county.

In other business, commissioners heard County Agent Bill McCutchen read a letter from the district Extension agent requesting that travel pay for county agents be increased from \$600 to \$840 a year. This will be considered in the next county budget. The letter also asked that county agents be included in any across the board salary increases for county employees.

Commissioners also approved assessments and tax rolls, approved purchase of a modular communicator for Rockdale highway patrolmen, and approved public weigher bond for Doris Campbell.

FARM BUREAU QUEEN—Mary Lee Graham of Thorndale was crowned Milam County Farm Bureau Queen at ceremonies Saturday night.

Wreck Injures Local Woman

City police investigated a two-vehicle collision at 5:50 p.m. Sunday at which a local woman was injured.

Mrs. Beatrice Foster of Cameron was treated at St. Edward Hospital for a cracked rib after her car collided with a convoy truck at the intersection of Sixth and Travis. Driver of the truck, Carl Melton of Eules, was not injured.

Fatal Shooting, Robbery Reported In Rockdale

The Rockdale constable and Rockdale police had a busy time over the weekend with a fatal shooting Saturday night and a service station robbery Sunday, at which \$700 was taken.

The shooting took place at The Barn, a bar two miles south of Rockdale on U. S. Highway 77, said Rockdale Constable Spud Caywood.

The dead man was identified as Wayne Collins, 34, of Box 84, Rockdale. Caywood said Collins was pronounced dead on arrival at Richards Memorial Hospital in Rockdale after he received a single wound in the right side of his chest from a 38 pistol.

Charged Sunday before Cameron Justice of the Peace Jess Brock in connection with the shooting was William Henry Hobbs, age unknown, of Rockdale. Hobbs was freed Sunday night from Milam County Jail on \$10,000 bond.

Rockdale police reported that on Sunday two men and a woman held up a Rockdale service station and took about \$700 after threatening to shoot two station attendants.

Police said one of the men and

City Grants TP&L Rate Increase

Cameron city council voted unanimously to grant a rate increase requested by Texas Power & Light and heard the first reading of that ordinance in regular session Tuesday evening.

The council also approved a route for an O. J. Thomas alumni parade to be held August 9 at 10 a.m. The parade route will be in the north-west section of the city.

Felix Matula was appointed to serve

as fire chief to replace Monroe Brue-digan who resigned.

A request for authorization to place an obsolete aircraft in one of the city parks was tabled for more information. Request was made by Arnold Vardiman.

Councilman Gene Lumpkin offered a resolution aimed at what he called "friction" between members of the council and the mayor. The resolution stated, in part, that "The spirit of the (city) charter is to prevent any one person from making any deals, arrangements, or commitments of any sort, written or oral prior to and/or without council approval."

It went on to conclude: "Henceforth, the mayor and other individual members of the council adhere strictly to the provisions of the city charter, and refrain from any and all actions or decisions except those

made by the council as a body in public session."

Lumpkin moved that the resolution be adopted and was seconded by Councilman Lincoln Mondrik.

Lawrence Zotz asked "why a resolution when we have a charter?" Lumpkin said he was "trying to create more harmony." Mayor Gene Blake said the resolution separates the mayor's responsibility from the council and read from the city charter which says the word "council" means a mayor and five councilmen.

Zotz said he "couldn't see where this will create harmony." He said it seemed to be a "personal thing that would tend to antagonize rather than create harmony."

Jan Luecke said the street program seemed to be a point of friction and that the street committee will meet Monday with the planning commission and the council was invited to attend.

The mayor said councilmen should feel free to discuss in advance with him any problems they have and wish to present to the council.

After further discussion, Lumpkin withdrew his motion and Mondrik withdrew his second.

Monroe Fuchs reported on a meeting of the city planning commission at which recommendation was made to the council that an assessment program be set up, water meter rate increase by \$2, and the basic tax base be raised.

Records will be sought on ownership of the old Pioneer Cemetery to see if it was deeded to the city so that the city can maintain it. Blake said another old cemetery behind the Girl Scout Hut in Ledbetter Park should also be maintained.

A 2-1 vote secured plans to pave three blocks of 12 St. between Jackson and Harding. Bids will be sought on the paving. Voting against the motion was Mondrik, and Lumpkin abstained, saying he wanted more study on the plan.

LITTLE MISS WINNER—Tracy Grothe was named winner of the Little Miss Farm Bureau at the contest Saturday night.

1st Screwworm Case Confirmed By Mission Lab

The first screwworm case of this year in Milam County has been confirmed by the Mission Screwworm Laboratory, according to County Agent Bill McCutchen.

Confirmation was made by Don Nielson of the lab and said confirmation was from a sample submitted by R. W. Ellison of Rosebud who has a ranch in Milam County. The sample was collected on July 9 and was confirmed on July 11.

Nielson said that second and third instar (stage) larvae were identified and that he was relatively sure that adult flies had emerged from the wound.

Nielson added that an air drop of sterile screwworm flies was to be made on the 11th in the portion of the county and that a ground release was made on the ranch Tuesday.

McCutchen warned all livestock producers in the area to watch livestock closely for possible outbreaks.

Over West Germany...

We think it is interesting that Apollo and Soyuz will link up 136 miles above West Germany at 12:15 p.m. Thursday, perhaps as you read this.

The dual space mission, which began with President Richard Nixon's detente visit to Moscow in 1972, is the first international venture for man.

Astronauts from the U. S. and cosmonauts from Russia will greet in connecting passageways in this rigorously rehearsed "handshake in space."

Alexei A. Leonov and Valeri N. Kubasov are the Russian spacemen, Thomas B. Stafford, Vance D. Brand, and Donald D. Slayton the American astronauts.

Continuous television reports will bring the world, including Soviet Union, glimpses of all this. We are not sure about China.

There is a gift exchange Friday afternoon about 3, followed by joint experiments, news conference, and seven to eight hours of sleep, depending upon whether you are a Russian or American spaceman.

Then Saturday morning about 8 the two space vehicles will undock, redock, then finally undock about 11:25 a.m. for a weekend of independent experiments and maneuvers and experiments before the Apollo landing in the Pacific Ocean July 24.

It is interesting that two powerful space nations would choose a docking rendezvous above West Germany, but not surprising. A guy named Werner Von Braun contributed a lifetime of rocket experience to the Gemini and Apollo programs which put

the U. S. on the moon, starting with Apollo 11 in July, 1969. This joint effort is the last for several years.

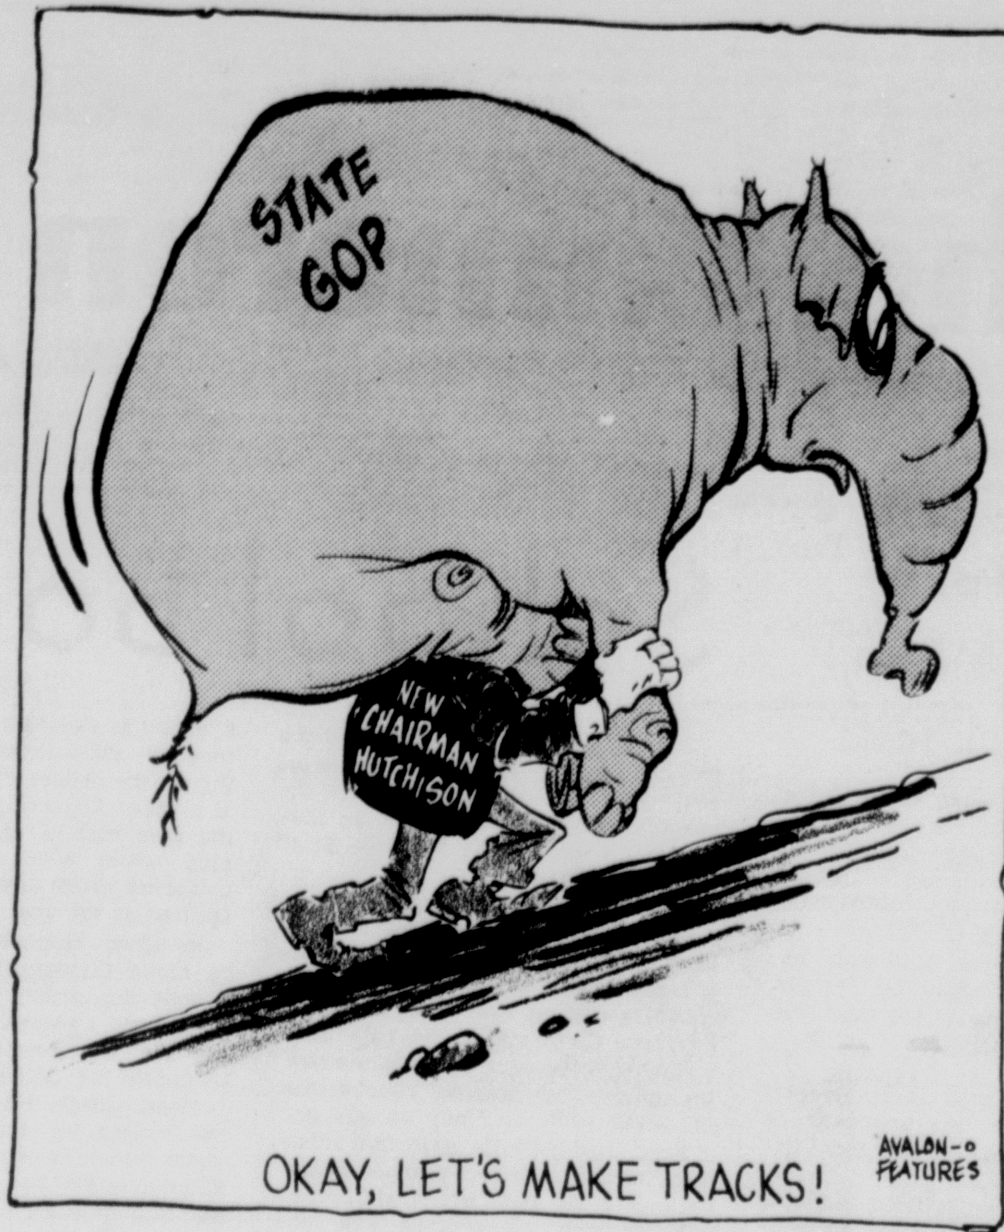

Not only Von Braun, but a coterie of German scientists introduced much of the physics and mathematics to both the U. S. and Russia toward development of the nuclear fission, nuclear energy and hydrogen bombs. After World War II, one of the prime interests of both governments was the services of German scientists of this magnitude for the national interests of the two countries. During the 50s and 60s, it became at times a question of whose German transplant did what better.

Science and technology are now symbolizing the international nature of modern life through the two nations big enough to inquire into the universe and establish man's perspective in it.

We know more about ourselves, our strengths and inadequacies, even raising the hackles of believers in the Reformation of Western Man, often attributed to another German, Martin Luther. If man were meant to move about in space, "he would have wings," the Good Book implies.

American and Soviet spacemen are moving about in space before your eyes, at this moment. And perhaps planners and scientists behind the Apollo-Soyuz mission had yet another West German in mind, the guy who won a Nobel Prize in efforts called "Ostpolitik", bringing East and West to closer relations.

His name is Willie Brandt.

Dateline Austin

House To Consider Impeachment Of Judge

The House of Representatives may be returning to Austin before September 1 to consider the first impeachment proceedings in more than 40 years.

A select House committee already has directed its staff to draft several articles of impeachment against 229th District Judge O.P. Carrillo of Duval County.

Committee members rounded out their examination of the record in their inquiry into allegations against Carrillo last week in closed-door session.

They will vote in open session on the proposed articles.

If a majority of the 11-member panel vote to press any of the articles, the House must be called into session to consider them on the third Monday following the committee report.

The constitution further provides that the Senate must try impeachment charges brought by the House against certain state officials, including district judges.

A two-thirds vote in the Senate is required to convict.

Fewer than a dozen serious impeachment proceedings have been brought in a century. Only one of these—the 1917 case against then Gov. James E. Ferguson—actually resulted in a removal from office.

Raids Continue

Comptroller Bob Bullock led more raids against sales tax-delinquent firms in the Dallas area which, he said, owe more than \$200,000 to the state and city.

The Comptroller's agents locked a restaurant, closed a concrete manufacturer, took inventories and equipment from a photo shop, appliance shop, air conditioning firm and microfilm service company.

Property seized will be sold at public auction to satisfy tax claims unless owners pay up, Bullock said.

He scheduled an auction July 21 in San Antonio for nearly 15,000 cases of whiskey, wine and beer taken from three discount liquor houses whose owner owed \$405,000 in delinquent sales taxes.

Highways in Trouble

Texas Highways and Public Transportation Department cancelled August contract lettings because of inflated costs and declining gasoline taxes.

Both T.H.P.T.D. Engineer-Director B.L. DeBerry and Gov. Dolph Briscoe, meanwhile, expressed concern over President Ford's federal highway program.

DeBerry said reducing the federal highway trust fund would impose a heavier tax load on the states and further reduce construction.

Briscoe said the administration's offer to return one cent of the gasoline tax to the states "covers up an attempt to move two cents into the federal treasury and away from needs of the states."

Courts Speak

The Supreme Court upheld an injunction against a \$45 million Southwestern Bell Telephone Company long distance rate increase in Texas, pending outcome of a state legal challenge.

The High Court also denied Coastal States Gas Producing Company's proposal to move a suit over San Antonio gas rates and supplies from the city.

In other recent cases, the Supreme Court held:

The State Board of Pharmacy should not be allowed to shut down 59 Walgreen drug stores during an appeal of a case involving a law against advertising prescription drug prices.

Conservation and reclamation districts can use maintenance funds to compensate persons damaged due to negligent use of motorized equipment.

Exxon Corp. is entitled to reversal of \$227,000 judgment arising from a job death case because company attorneys were not permitted to show proof the widow had remarried.

County funds must pay

Dear editor:

You take a man like Benjamin Franklin, how was he to know 200 years ago that his notions about thrift would eventually be bad for the economy? That "a penny saved is a penny earned" is a theory that produces a nose-dive in the Gross National Product?

You see, according to an article I read last night, economists have been cheered because consumers, after holding back for three months, have now gone forward to buying more on credit. The Federal Reserve Board reported that consumer debt rose for the first time in three months, reaching 185 billion dollars, a gain of over 3 billion.

"Economists have pegged hopes for a significant recovery from the recession to a revival of consumer confidence and spending," the article said, and this jump, or plunge as Backward Ben Franklin might put it, in total indebtedness, is highly encouraging.

This theory shows why farmers, for instance, every time they go in debt to make a crop that loses money are strengthening the backbone of the economy.

It shows that the Federal government, now over 300 billion dollars in debt are going in deeper all the time, is lighting the path toward economic recovery, and coming along with flashlights of their own are state and city and county governments. Take New York City for example. Clearly it has taken the lead in pushing for a healthier economy.

I feel sorry for Benjamin Franklin, but you've got to remember he had no way, looking 200 years down the road through those primitive spectacles he wore, to see that a solvent man is a road-block to economic recovery, that refusing to spend actually is sabotaging the economic machinery.

But he was a smart man, he could adapt to change and new ideas, and if he were around today no doubt would be saying "a penny saved is a monkey wrench thrown."

By the way, do you sell subscriptions to The Herald on credit? Aren't you in favor of whipping the recession?

Yours faithfully,
J. A.

cost of publishing divorce case citations for the poor.

Third Court of Civil Appeals held the state sales tax constitutional.

AG Opinions

A city commissioner's continued interest in an old contract to buy water from the municipality for resale to rural customers would be a civil law violation, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

A county jail commissary must collect the state and city sales tax on all items sold to inmates except food, soft drinks and candy. However, a rehabilitation center commissary outside city

boundaries must collect the state sales tax but not the city sales tax.

Appointments

John H. Poerner of Hondo has been named director of the new Commission on Education Resources to assess school district finance capabilities.

Vernon McDaniel of Wichita Falls will succeed Poerner as executive director of the Governor's Committee on Aging.

Governor Briscoe named Dr. Bob D. Glaze of Gilmer to the Texas Board of Health Resources, succeeding Dr. Ronald M. Garrett of Waco who resigned soon after his appointment.

Three ways to travel by Long Distance:

Emmett Kelly Jr.
for Southwestern Bell

Cheap

Call One-Plus

One-Plus is always the cheapest way to call Long Distance. For example, a coast-to-coast call during business hours (8 a.m. to 5 p.m., Monday through Friday) is only 56¢ for the first minute. Out-of-state calls spanning shorter distances cost even less.

Cheaper

Save 35 percent evenings

You save 35 percent over the day rate when you call out of state the One-Plus way evenings (5 p.m. to 11 p.m., Sunday through Friday). For example, a coast-to-coast call costs only 36¢ for the first minute.

Remember, additional minutes are always less than the first on out-of-state calls. Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

Travel by Long Distance... and stay awhile.

Southwestern Bell

For rates to Alaska and Hawaii, call the operator. One-Plus rates don't apply to person, hotel, guest, credit card or collect calls, or calls charged to another number.

"Low Down"

FROM THE
Congressional
Record

By JOE CRUMP

UNION FAVORS VOTER REGISTRATION BY MAIL

Rep. Don Bonker (Wash.) "I am pleased to be able to insert into the Record a thorough and well-written article on "Voter Registration by Mail." The author, Richard E. Murphy, is the legislative/COPE director of the Service Employees International Union and an expert on the subject.

"Sometime after the 4th of July recess the House will be considering a bill on post card registration. The article, which follows, provides a detailed discussion of the issues involved in voter registration and should be read as background for this important upcoming legislation." (Excerpts of the article follow):

Mail Registration a New

Opportunity

The average voter is middle class, educated, and relatively affluent. The average nonregistered voter is working class, less advantaged, and poor.

The Yankelovich survey found that while the general public explains away non-registration as the result of apathy on the part of many men and women, the situation is far more complicated than that. First, there are two distinctly different groups of nonregistered voters; those who don't register because they don't want to vote, and those who want to vote, but fail the register.

One state gets along nicely with no registration whatsoever. In North Dakota a voter simply walks into the polling place and asks for a ballot. Signing the book provides the affidavit that the voter is legitimate.

When registration is limited to a central point, like the City Hall, the ordinary working people must take time off from work, possibly without pay.

Sen. Lloyd M. Bentsen

(D-Tex.), said in a letter to his colleagues in January 1974 that Texas voters could register by merely clipping a coupon from a newspaper, completing the form and mailing it to the county clerk. There was no evidence indicated in Texas that they had experienced any increase in fraudulent registration.

A national mail registration bill has been re-introduced in the 94th Congress and proponents have hopes of success. It is pending a final committee vote in both the House and Senate—so final action in both houses could come at the end of summer 1975.

CRUMP'S GRASS ROOTS COMMENT

Those who were unaware of the Voter Registration by Mail bill will have an opportunity to express their views to their congressman.

ICA Convention Hears Governor, Commissioner

The first annual convention of the Independent Cattlemen's Association of Texas, Inc. (ICA) was held recently in Austin. Over 1500 ranchers from 15 districts across the state met to determine means of improving present conditions in the cattle industry.

Among special speakers at the convention were Governor Dolph Briscoe, Congress J. J. "Jake" Pickle, and Texas Commissioner of Agriculture John C. White.

Following the Governor's address, Commissioner White gave his enthusiastic endorsement to the cattlemen's position, comparing the present plight of beef producers to that suffered by independent oil producers a few years ago. "If America is to survive," he warned, "it will be necessary for this nation's food-machine to survive. And that means you, the livestock producer and the rancher."

Congressman Pickle supported the importance of independence from governmental land use legislation. Referring to the fact that U. S. ports are still wide open to foreign beef, he said: "Congress' first priority should be to those at home on our

own range." It's time, he went on, that cattlemen "take their proper place in American industry."

Congressman Pickle praised ICA as having "more life, spirit, and zip than any agricultural group in recent years."

Among resolutions adopted by the convention delegates were: 1. the opposing of Federal Land Use regulation; 2. urging of rapid implementation of recently passed legislation providing that only domestic beef be used by state agencies and political subdivisions; 3. supporting passage of Article VIII of the proposed Texas Constitution dealing with the establishment of land use taxation formulas designed to preserve open space and devoted to farm or ranch purposes, and supporting sales tax exemptions for agricultural products; 4. supporting passage of federal legislation limiting importation of livestock to 750,000,000 pounds; 5. supporting passage of federal legislation amending existing laws to provide for better product labeling; and 6. requesting the Justice Department to conduct investigation into possible viola-

tions of anti-trust or other federal laws by major grocery chains.

Newly elected officials include T. A. Cunningham, president; P. A. Albrecht, 1st vice-president; Ned Thigpen, 2nd vice-president; E. Charles Lewis, secretary; and Morris Dye, treasurer. In addition, the directors are Bill Whitehead, Dr. Ben Hopson, W. G. McCampbell, Walon Houck, J. Boyce Lynn, John C. Nelson, R. B. Masterson, Lloyd Montfort, Carl Lohmann, Luis Puig, Roy Wheeler, Ray Welder Jr., Dr. E. Payne, R. R. Woodward, and B. W. Edmundson.

ICA was formed in September of 1974 when the bottom dropped out of the cattle market in the U. S. due to the unchecked inflow of foreign meats. Since that time, membership has grown to over 100,000, making ICA the largest non-affiliated cattle association in the U.S.

Dairy Specialist Assumes Position

Dr. Michael A. Tomaszewski has assumed the position of dairy specialist for the Texas Agricultural Extension Service.

He fills the position held by J. W. "Jimmy" Davis, Jr., who retired on June 30. Tomaszewski will be headquartered at Texas A&M University and will be on the staff of the Department of Animal Science.

The new specialist will work closely with county Extension agents and county program building committees in the dairy counties of Texas in developing and implementing educational programs designed to boost the efficiency of dairy operations which are presently hard hit by the cost-price squeeze.

OFF TO 4-H CONGRESS—Rebecca Riola and Assistant County Agent Kenneth Waites load luggage and are ready to leave for San Antonio and the annual Texas 4-H Congress. From Cameron they, along with Chris Holcombe, went on to pick up Lorna Biar and Mary Lee Graham at Thorndale, who are also attending the affair.

4-H'ers Attend Congress

About 600 4-H boys and girls from across Texas will take a closer look at their cultural heritage during the annual Texas 4-H Congress July 15-18 at the Gunter Hotel in San Antonio.

4-H members between the ages of 15 and 18 will be participating in the third annual State 4-H Congress along with a number of county agents and 4-H and youth specialists for the Texas Agricultural Extension Service, the parent organization of 4-H.

Milam County will have three local youths at the annual Congress.

They will include Rebecca Riola, Cameron 4-H; Lorna Biar, Thorndale 4-H; and Mary Lee Graham, Thorndale 4-H. Both Rebecca and Lorna are delegates and

Mary Lee is attending as chairman of the District 1-4-H Council. Rebecca is the daughter of Mr. and Mrs. Charles Riola of Cameron; Lorna is the daughter of Mr. and Mrs. Harold Biar of Thorndale; and Mary Lee is the daughter of Mr. and Mrs. Billy C. Graham of Thorndale.

Theme of this year's program is "Our Texas Cultural Heritage."

Delegates will have an opportunity to hear stimulating speakers, take educational tours, and participate in group discussions that should provide them with a better background of their culture.

4-H'ers attending the state event will also be given to a number of group presentations, including "Cultural Fair" by students of Trinity University, "Heritage in Music and Dance" and "Texas Cultures Today" by students of San Antonio Junior Col-

lege, and a "Historical Pageant" by members of the Extension District 12 4-H Council.

The group will be returning home Friday, July 18. Kenneth Waites and Chris Holcombe will be attending part of the Congress with the youths.

Extension Service Names Engineer

The Texas Agricultural Extension Service is planning to give increased emphasis to educational programs in occupational safety. And a new safety engineer has been appointed to provide leadership in this particular area.

He is Dr. Gary Nelson, who assumed the new position July 7. He will be headquartered in the Department of Agricultural Engineering on the Texas A&M University campus.

County Agent Notes...

Mow Pastures For Weed Control

By Bill McCutchen

Farmers and ranchers have chosen not to fertilize pastures in many instances and many have also been somewhat lax in pasture weed control.

Weed control is not that expensive and is the first step in good pasture management. Weeds have a stronger root system than most grasses, so they can take up plant nutrients and moisture more readily than grasses so they can starve out grass competition.

Chemical weed control is the most effective means of weed control in the early spring but weed control at this time of year is limited to mowing because of susceptible plant damage.

Another benefit of mowing weeds is removing some of the coarse stemming portions of grasses which animals try to avoid.

bait can be very effective before the pest becomes widespread.

This pest is a thorn in the flesh for livestock, wildlife, and man alike. The fire ant sting is a brief stabbing pain followed by a festering sore that lasts 3 to 10 days.

The imported fire ant is red or black in color and one-eighth to one-fourth of an inch long. Mounds are built in almost any kind of soil but are most common in open areas such as cultivated field, pastures, parks, lawns, etc. Mounds average 15 or more inches in diameter and 10 to 12 inches in height.

Youth Week Continues

Youth activities week that is being sponsored by the United Youth Fellowship will be held two more evenings at the First United Methodist Church. The theme for the week is "Anchor Your Heart to the Cross." The Rev. Thomas Dusek will speak Thursday evening and the Rev. Darrel Proffitt will speak Friday night. All youth from all of the churches are invited to attend these activities that begin with a meal each evening at 6:30 p.m.

Vacation Church School will be held at the First United Methodist Church the week of July 21 thru 25. Mrs. James Camp and Mrs. Ed Cauley are co-directors of the school that will be held from 9:30 to 11:30 a.m. Monday thru Friday. Classes will be offered from the Nursery 1 thru the Elementary 6th grades.

TEXAS TALK

By Skip Hobbs

Supporting pork by sporting buttons is the latest urge of members of the National Pork Producers Council. These particular pig promoters are lapel buttons which graphically depict a problem of the pork industry. Shown on the button is the National Council's pseudo mascot, Porky Pig, lying on a psychiatrist's couch proclaiming, "Nobody Understands Me." Council leaders say they hope the button will further demonstrate the lack of public understanding about the significance of the pork industry. They point to misunderstanding about the level of nutrition from pork, the diversity of products produced and the unrivaled utilization of the carcass. As an attention getter the button has reportedly enjoyed significant success since its introduction at this year's American Pork Congress. Local pig promoters who want to lend a hand can order the promotional buttons from the National Pork Producers Council at 4715 Grand Avenue in Des Moines, Iowa.

Your household electric dollar...

The dollar you pay for electricity, when used under average conditions, can be divided as illustrated above. If we do not practice energy conservation the "dollar division" can get very much out of shape. Make sure you spend your dollar wisely by having air tight windows and doors, insulated walls and ceilings, and an informed family on the necessity to conserve.

Energy is Valuable . . . don't waste it!

FIVE GENERATIONS gathered for a picture at the Crouch Reunion held at the Cameron Community Center at Cameron Sunday. From left, seated are Odell McAden and Maggie Young. Standing are Lois Marie Langley and Lois Kuykendall. The baby is Danny Ray Langley.

Ceremony Unites Harrison-Johnson

Miss Janet Harrison, daughter of Mr. and Mrs. Joe B. Harrison and granddaughter of Mr. and Mrs. Grady Houston of Cameron, and Dene Johnson, son of Mr. and Mrs. Keith Johnson, exchanged vows at 7 p.m. June 14. Rev. Wesley Paddock performed the double ring ceremony with Revs. Errol Snider and Merel Miller assisting.

The bride wore a full length gown of candlelight polyester crepe with sunbursts of Venice lace accenting the sheer, round yoke and wedding ring collar. Lace encircled the raised waistline and the wrists of the leg-of-mutton sleeves. The hemline was edged with lace and flowed to a chapel train. Her elbow length English nylon illusion veil was bordered with Venice lace and fell from an open weave bonnet cap of lace and pearls. She carried a nosegay of white daisies, blue carnations, yellow rosebuds, and baby's breath.

Attending the bride were Marcia Chase of Grand Junction, maid of honor, bridesmaids Julie Perry of Grand Junction, Christine Steward of Montrose, and Yvette Staten of Parsons, Kan. Donna Harrison, sister of the bride, and Kenda Morgan were candlelighters. Traci Bernklaw of Laporte was flower girl and music was provided by Edith Gardner, David Myers, and Gloria Blaschke.

Tami Bernklaw of Laporte attended the guest book. Glenn Giles of Fort Collins was best man and groomsmen were Steve Morris of Grand Junction, Bob Havens of Littleton, and Mitch Morgan of Rifle.

Ushers were Russ and Randy Bernklaw of Laporte. Ring bearer was Mike Morgan of Rifle.

A reception was held in the church fellowship hall following the ceremony.

Following a wedding trip, the couple will reside in Rifle where the groom is employed by Co Co Mo, Inc.

MR AND MRS, DENE JOHNSON

Couple Wed In Garden Rites

Miss Sherrel Emanuel and Mr. Thomas Slavik were united in marriage in a garden ceremony at 7 p.m., June 21 at the country home of the groom's mother in Cameron. The Rev. Ike Hargrove of Buckholts officiated in the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Jesse Emanuel of Goodrich. The groom is the son of Mrs. Henrietta Slavik and the late Mr. Frank Slavik of Cameron.

Miss Susan Chandler, niece of the groom, played the traditional wedding music on the organ. Jack McKinney played the guitar and sang Jim Croce's "Time in a Bottle" to the couple as they stood before the altar.

The bride, given in marriage by her father, wore a gown of ivory lace. The sleeveless gown featured a rounded neckline, fitted bodice, and a full gathered skirt with a lace ruffled hemline. The shoulder length veil was of matching lace. The bride carried a bouquet of yellow daisies trimmed with baby's breath, delicate pearls, and ribbon streamers.

Miss Theresa Marsh of Goodrich, niece of the bride, served as maid of honor. She wore a formal length gown of yellow chiffon with sheer sleeves and a low rounded neckline. She carried a bouquet of white daisies and ribbon streamers.

Flower girl was Miss Becki Warren of Tyler, niece of the bride. She wore a sleeveless gown of daisy print and carried daisies in a white basket tied with a crisp yellow ribbon.

Maurice Mikulec, the bridegroom's cousin, served as best man. Michael Mikulec served as usher.

For her daughter's wedding Mrs. Emanuel chose a formal length gown of yellow crepe with long fitted sleeves and a high neckline. She wore a white carnation corsage.

MR. AND MRS. THOMAS SLAVIK

After the bride and groom cut the cake, a buffet style dinner of barbecue and all the trimmings was served to the guests. Mrs. Lillian Mikulec, aunt of the bridegroom, assisted by Mrs. Retta Chandler, sister of the bridegroom, organized the houseparty.

Jack McKinney, Steve Terry, and David Warren provided guitar music during the reception. After a wedding trip to Corpus Christi, the couple will reside in Austin until August where they will make their permanent home in Cameron.

Sherrell will teach eighth grade English in O. J. Thomas Junior High and Tom is a sales representative for Monarch Paper Co. of Austin and will sell in Cameron and surrounding areas.

The bride and groom are both graduates of Sam Houston State University.

Miss McLerran Weds Mr. Reavis

Miss Dianne McLerran and Thomas Reavis were married in a doubling ceremony Saturday, June 28 at St. Monica Catholic church in Cameron.

The bride is the daughter of Mr. and Mrs. F. Barney McLerran of Cameron. The groom is the son of Mr. and Mrs. John Henry Reavis Sr. of Barksdale.

The Rev. John T. Geiser performed the ceremony and wedding music was provided by Ladis Marek Jr.

Given in marriage by her father, the bride wore a formal gown of slipper satin fashioned by the bride. The gown was highlighted with long, full, sheer sleeves flocked with daisies. A deep sheer ruffle flocked with daisies formed the hem, and daisy trim accented the heart shaped neckline and front of the dress. A full bow with ties extending to the ruffle trimmed the back of the gown.

Sharon Jones, sister of the bride, was matron of honor. Bridesmaids were Patricia McLerran of Austin, sister-in-law of the bride, and Nita Beth Carter of Boerne. Flower girl was Lisa McLerran of Austin, niece of the bride.

The three attendants and flower girl wore identical long dresses of green gingham accented with puffed sleeves, deep hem ruffles, and white daisy trim. All wore white straw hats trimmed in green gingham.

Bestman was Bobby Vernon of Barksdale. Groomsmen were John Henry Reavis Jr. of Coupland, brother of the groom, and Wayne Carter Nelson of San Antonio. Serving as ushers were Randy McLerran of Austin, George Jones of Cameron, and Charlie Carter of Boerne.

Ringbearer was Eric Jones of Cameron, nephew of the bride.

A reception was held following the ceremony at Simon-George Hall.

Serving at the brides table were Miss Annette Hamel and Mrs. Cheryl Hamel of Dallas, cousin of the bride. Mrs. Anton Hamel served at the groom's table, and Miss Elaine Hamel registered guests.

Out-of-town relatives of the bride were Mr. and Mrs. Raymond Hutchins, Mr. and Mrs. Marilyn Hutchins and

Kim, Mr. and Mrs. John Tuhy, all of Minneapolis, Minnesota; Mr. and Mrs. Harry Haraway of Texarkana; and Mr. and Mrs. Burrell McLerran and Dennis of Clute.

Out-of-town relatives of the groom were Mr. and Mrs. Lowell Spiller of Eden and

Mr. and Mrs. Glen DeVries of Houston.

After a trip to Las Vegas, the couple will reside in San Antonio.

Parents of the bride hosted a rehearsal luncheon Saturday at the Ponderosa restaurant at which time gifts were given to the attendants.

MR. AND MRS. THOMAS REAVIS

Personal Mention

Weekend guests in the home of Mr. and Mrs. Littleton Barrett and family were Mrs. Margie Chandanals and daughter, Kelley Jean Giddens, of Manistique, Michigan. Mrs. Chandanals and Mrs. Barrett have been pen pals for almost 23 years, meeting for the first time in person this weekend.

The most heavily populated country in South America is Brazil; in North America, the United States; in Europe, Russia; and in Asia, China.

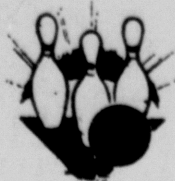

Scotty Peck has returned to his home in Alexandria, Tenn. after a ten day visit with relatives in Cameron and Bryan.

Scotty is the son of Mrs. Lynn D. Peck and the late Earl Peck Jr., grandson of Mrs. Earl Peck Sr.

While in Cameron Scotty visited with his uncle, Bill Peck, and cousin Mike, and his aunt and uncle, Mr. and Mrs. Earl Gray in Bryan.

His trip was the realization of a seven-year desire to fly to Cameron from Nashville, Tenn.

HERALD SPORTS

Cameron, Texas, Herald, July 17, 1975 Page 7

Little League Tennis League To Form Here

A meeting to introduce Little League tennis will be held at the city park at 1 p.m. in Cameron on Saturday, July 19. The project is being introduced by the Rev. E. Browning, state director for the Youth Crime Prevention League and minister of the Browning Chapel Independent Methodist Episcopal Church in Bryan.

The league is being formed to assist in reducing the number of crimes committed by juvenile delinquents.

Rev. Browning's first league was formed in Bryan and now is gaining support in the area.

"We feel this project will give the young people a new interest, as well as introducing them to a sport that is rapidly increasing in popularity," according to Rev. Browning. "This can reduce juvenile inactivity thus reducing an inclination to crime."

Browning said youths from 10-17 would be accepted for

the program. Also he stated there is a need for help in starting the program and in supervision. All interested citizens and youths are asked to attend the Saturday meeting.

"We hope to produce good tennis players, even if they aren't professional," the Rev. Browning said.

Possible Record Bass Fried, Eaten

TYLER

"If 'ifs' and 'buts' were candy and nuts, we would all have a Merry Christmas," is an appropriate saying when it comes to fish records which might have been.

The Texas state record for largemouth bass has been on the books since 1943, when a 13-pound 8-ounce lunger was pulled from Lake Medina near San Antonio.

Back on May 14, a 70-year-old resident of Caddo Mills in Northeast Texas landed a huge bass from a local farm pond where he had fished for years. He weighed it on a small set of scales which only went to 12 pounds. The scale indicator zoomed past 12-pound mark and he scratched a line opposite the place where the indicatorm came to rest.

He then cleaned the fish and ate it.

When other residents of Caddo Mills learned of the fish, they retrieved its huge head from the garbage pail and put weights on the scales to get the pointer back to the marked spot.

It took 14 pounds 12 ounces of lead weight to reach the mark.

Baseball Scores

In Minor League action Friday, July 11, the Bomber held the Hustlers 5-1. In a make-up game Saturday, July 12, the Tigers broke a tie in the 4th inning to win over the Hustlers 3-2. In Little League play on July 11 it was the Indians 15 and the Braves 1.

In Minor League action July 14 it was the Hustlers 8 over the White Sox' 2.

Girls softball action July 14 saw the Rascals over the Peanut Patties, 19-1.

From Tiny Seed

Western hemlock is a highly versatile wood. Besides its use as structural lumber and decorative paneling, it's prized for pulp and paper. The seed of this forest giant is so tiny it takes 300,000 to weigh a pound.

Sports Spotlight

By Forrest Guess

Looking down the schedule for the 1975 football season, the Yoemen will face one of the toughest districts in Class AA. Texas Football made it sound like the Yoemen should find easy traveling throughout the season. I see a few detour signs, especially in our own district.

It was Caldwell that set up such a fine defense that held the Yoemen scoreless, and a battle will be in store as the Yoemen face the Hornets midway through the upcoming season.

Elgin will be setting in striking distance for the district crown as they will remember beating the undefeated team that was on the way to Bi-District.

Hearne was buried deep in problems last season and always seems to have something happening. This season the thing that might be happening is a team union that could bring them into competition for the district title.

In talking with players from Rosebud-Lott, Austin Westlake, Manor, and Leander, the battle scenes are being set for one game. . . Cameron.

What pressure exists when a team is claimed to be 'Number One.' Ed Cauley and staff will be forced into

making certain that the prestige of being number one doesn't shatter a team filled with such unbelievable talent. The Yoemen could easily place five or more into the college ranks, not junior college, but into the SWC.

It will be Coach Cauley's year, with these players being his own troops and his system will be tested each Friday night.

Also mentioned in the Texas Football magazine is the SWC pick for the upcoming season. Campbell shows the Aggies to be the team to beat with the mighty Longhorns to be second best.

The Aggies possess the talent to go undefeated and to have the miracle season that Baylor had in '74. A&M coach Emory Bellard feels that the upcoming season will prove to be the best A&M team since he has been there and maybe the best ever.

Lurking in the number five spot is Texas Tech, behind Arkansas and Baylor. Tech can not be counted out, Steve Sloan will bring a new charisma to the Raiders and to the SWC.

The football season is fast approaching, and with the Yoemen it will be a long season; a season that will take the Yoemen all the way to the first State Championship.

Because people believed that lead would keep out evil spirits, religious objects were often kept in lead caskets.

Obituaries

Oges

Lydia Oges, 14, of Branchville, died Wednesday after the truck in which she was riding overturned.

Funeral was at 2 p.m. Monday at the Providence Baptist Church in Branchville. Burial was in Providence Cemetery.

Miss Oges was a student at O. J. Thomas Junior High School in Cameron. She was a member of Little River Baptist Church.

Surviving are her parents, Mr. and Mrs. Clarence Oges of Branchville; four sisters, Linda Joyce Blanton, Maude Oges, Patricia Ann Oges, all of Branchville; and a brother, Clarence Oges of Houston.

Reimer

Otto J. Reimer, 81, of Cameron died early Monday in his home after a long illness.

Funeral was at 2 p.m. Wednesday in the Marek-Burns-Laywell Funeral Home with the Rev. Paul Kluge officiating. Burial was in Oak Hill Cemetery.

Mr. Reimer was born in Milam County and was a retired Milam County employee.

Surviving are his wife, Mrs. Annie Reimer of Cameron; four daughters, Miss Lonie Reimer of San Antonio, Mrs. Ralph Leidig of Fort Worth, Mrs. Clara Niglatzo of Huntsville, and Mrs. James Turney of Abilene; a brother, Phillip Reimer of Cameron; and six grandchildren.

Hejl

Mrs. Albina Hejl, 71, of Cameron, died Thursday in a local hospital.

Funeral service was at 11 a.m. Saturday in the Church of Christ in Cameron with Minister Charles Lindley officiating. Burial was in Oak Hill Cemetery in Cameron.

Surviving are a son, Dan Hejl of Tucson, Ariz.; a brother, Edward Juris of Cameron; five sisters, Mrs. Louis Schiller of Seaton, Mrs. John Chudej and Mrs. Charlie Hrachovy, both of Buckholts, Mrs. Jim Ruzicka of Heldenheimer, and Mrs. Frank Ruzicka of El Campo; and three grandchildren.

Marek-Burns-Laywell Funeral Home was in charge.

NATHAN KNORR

Jehovah's Witnesses To Hold Assembly

Nathan H. Knorr, president of the Watchtower Society of New York and internationally known Bible lecturer, will be the principle speaker at the "Divine Sovereignty" district assembly of Jehovah's Witnesses to be held at San Antonio Convention Center Arena July 17-20.

Knorr will deliver the public discourse, "One World, One Government, Under God's Sovereignty," to conclude the 4-day gathering Sunday, July 20 at 2 p.m. Delegates from the Cameron congregation will be represented at all sessions during the four days.

Michalewicz

John A. Michalewicz, 59, of Burlington died at his home Saturday after an apparent heart attack.

Funeral was at 10 a.m. Monday in Sacred Heart Catholic Church in Lott with the Rev. Leonard Leddy officiating. Burial was in the Sacred Heart Cemetery in Lott. Rosary was at 7 p.m. Sunday in Hoelscher Funeral Home in Rosebud.

Mr. Michalewicz was born in Lott and had been a resident of Burlington for the past 15 years. He was a farmer.

Surviving are his wife, Mrs. Catherine Michalewicz of Burlington; a son, Clarence Michalewicz of Burlington; a daughter, Mrs. Robert Blakely of Waco; two brothers, Otto Michalewicz and Albert Michalewicz, both of Lott; four sisters, Mrs. Walter Buxkemper of Lott, Mrs. C. W. Winkler and Mrs. Wilber Buxkemper of Waco, and Mrs. Ernest Caldwell of Axtell; and two grandsons.

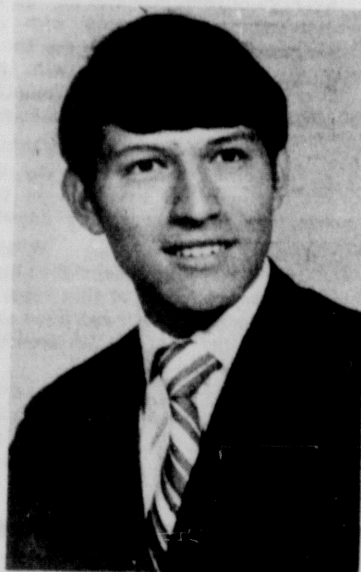

Black

Mrs. Ruby Lee Black, 34, of Lubbock and formerly of Milam County, died Wednesday in a Lubbock hospital after a sudden illness.

An autopsy was ordered to determine the cause of death. Graveside services were at 2 p.m. Saturday in the Pin Oak Cemetery near Gause with the Rev. David C. McNeely officiating.

Surviving are her husband, Bob Black of Lubbock; two sons, Charles and Bobby Black, both of Lubbock; her father, Elmer Little of Milam; her mother, Mrs. Ruth Griffin of Gause; four brothers, Bob Little of Gause and Carl Little, Roy Lee Little, and Raymond Little, all of Milam.

Marek-Burns-Laywell Funeral Home of Cameron was in charge.

MICHAEL GONZALES

Pastor To Receive Degree

Michael Anthony Gonzales, pastor of Primera Iglesia Bautista Church of Cameron, will receive the master of divinity degree during summer commencement exercises to be held in Truett Auditorium at Southwestern Baptist Theological Seminary July 18.

Gonzales is the son of Mr. and Mrs. Antonio Gonzales Jr. of Baytown. He received his BA degree in 1971 from Howard Payne College at Brownwood and attended SWBTS at Fort Worth.

New Church To Hold Open House

The Church of Jesus Christ of Latter Day Saints as of May 1975 has established a dependent branch in Rockdale with David A. Renfro as president and Ivan Cook as first counselor.

An open house will be sponsored on Saturday, July 19 from 2 to 8 p.m. at 712 Ackerman. The public is invited to come anytime Saturday, have refreshments, and see what this church is doing in the community.

Many of us grew up with pictures of caravans crossing the sands of the Sahara. Those in the West know that the desert has many faces.

One of our common mistakes in life is to assume that trees make a forest, flowers a garden, clothes a man... that appearances promise reality.

One of the invaluable influences of Christianity upon society has been its distinction between the facade and the truth. Christ taught that men must be known by their faith. Lack of spiritual concern is the surest way to make the world a desert of trees... a society of people without a sense of responsibility.

Wastelands cry out for reclamation. The Church Christ founded is reclaiming our society for Him. You need its Message.

Sealed proposals, addressed to the Commissioners Court of Milam County, Texas, for the construction of a Tax Office Building, will be received by the Owner in the Office of the County Judge, Milam County Court-house, Cameron, Texas, until 2:00 PM, CDT, Tuesday, July 29, 1975 and will be opened and read aloud at that time.

Information, Plans, Specifications, and Proposal Forms may be obtained from the office of Emmett Trant and Associates, Architects and Engineers, 1505 South College Avenue, Bryan, Texas, or P. O. Box 3637, Bryan, Texas, telephone 713 822-0769 or 822-2647.

Two sets of Plans and Specifications will be furnished each bidding contractor without charge upon deposit of Fifty Dollars (\$50) as a guarantee to safe return of the Plans and Specifications within five days after receipt of bids. Since Plans and Specifications will be placed in various plan rooms throughout the state, plans requested by sub-contractors and material dealers, or additional Plans and Specifications requested by bidding contractors, may be obtained from the Architects upon payment of Twenty-Five Dollars (\$25) per set. This sum will not be refunded.

The Commissioners Court of Milam County, Texas, reserves the right to accept any bid or to reject any or all bids and to waive any technicalities.

Reduce Attic Temperature For Coolness

As much as 10 percent of the cooling provided by your home air-conditioning unit may be going to waste due

to high attic temperatures. "Attic heat can put an extra burden on your air-conditioning system if you have

has only four inches of attic insulation," says Dr. Bill Stewart, an agricultural engineer with the Texas Agri-

cultural Extension Service. "So you should either add extra insulation or reduce attic temperatures to reduce air-conditioning costs." Stewart notes that attic te-

mperatures can reach as high as 150 to 160 degrees F. on a hot, still day. And he cites research at the University of Illinois which shows that these temperatures can be reduced

with attic ventilation that has an air flow rate of two cubic feet per minute per square foot of attic floor space.

"Power ventilators or gra-

vity ventilation can help reduce attic temperatures," points out the Texas A&M University System engineer. Gravity ventilation requires soffit vents around the edges

of the roof and high outlet vents along the ridge of the house.

In deciding what action to take to reduce attic temperatures, consider the cost.
